

Too Proud (feat. Jevon)

Hikaru Utada

I don't know... what do you think?
I guess I'm not saying what I really think
What if I did?
I don't wanna be rejected
Well, I guess I reject you all the time
So what am I saying?
What if we pretend that one of us will die tomorrow?
Or that we're strangers
Would that change things????????????????
????????????
????????????
????????
????????
????????????
????????????
????????????????????????????
????????????????
?????????
????????????
???But I'm too proud
Too proud????????
????????

Yo . She don't love me like the way she used to love me, whoa
It's like I get too close and she refuse to hug me, oh
Look, she ain't really affectionate
She just wants some time alone
Why you deleting all your messages?
What you hiding on your phone?
No, I don't trust your honesty
Love is cursed by monogamy
Don't keep swiping right
You might see something you won't wanna see
It's okay to say that you needed your own space
If I give you that green light
There's no excuses for breaks
But wait, one thing I gotta say
I'm so done by the games
See you changed, I can see it in your face
You're so set up in your ways
See, it's strange
How I gotta take the blame

When I'm the one that's in the rain
Yo, all these tears keep falling on me
No more late nights calling on me, no
I hope you see how hard it is without me
Coz we gon have to learn to set new boundaries
I fell into your tears and let it drown me
Coz I'm too proud to be too proud
I say it proudly?????????
But I'm too proud
Too proud
