

# I Found Myself Today

## A Change of Pace

I will admit  
I tend to be a little selfish  
But only when it comes to  
Something that i couldn't miss  
The hardest part is trying  
To know what I really want  
(Woah-oh-oh-oh Woah-oh-oh)  
So I'll apologize ahead  
For dragging you along  
(Woah-oh-oh-oh Woah-oh-oh)(Chorus)  
Hey, theres just no better way  
When theres nothing left to  
Say, That you take back  
All the mistakes  
I guess I finally  
Found myself today  
I know the feeling to be  
Caught up in the motion  
I often wonder if it's  
Instinct or addiction  
I'm slowly learning how to fake  
I even have a clue  
(Woah-oh-oh-oh Woah-oh-oh)  
Because I'm supposed to be  
The very best at what I do  
(Woah-oh-oh-oh Woah-oh-oh)(Chorus)  
Hey, theres just no better way  
When theres nothing left to  
Say, That you take back  
All the mistakes  
I guess I finally  
Found myself today  
I always feel  
That the cloud around me  
Is so free beneath my feet  
And I must fall through  
But I think I'm might meant to  
If thats what it would take  
For me to see(Chorus) x2  
Hey, theres just no better way  
When theres nothing left to  
Say, That you take back

All the mistakes  
I guess I finally  
Found myself today I think I finally  
Found myself today
