

# I'm In Love

## Ginuwine

(Talking)

U know baby,

I'm so in love witchu

And I want the world to know it,

U know what I mean?

And there's alot that I want to say to u too so listen closely, ok?(Verse 1)

As the day goes by i'm always thinkin' of your face

your hair, your eyes, your sweet lips

and the way they taste

You got me goin on a high that I have never felt,

A beautiful thing [I got the same thing]

This thing we've got is so amazin what I love the most  
is how we can talk and how we laugh and the fact we're so close

Its no illusion but its magic, no tricks involved

with u I got it all, u I got it all

(Chorus)

I'm in love [mmm], I'm in love

Do u hear me? [do u hear me, baby?]

Was so scared, not prepared

but it just hit me [hit me]

Glad it's us [come on],

Now i'm good

I'm so in Love [x3]I'm in love [hey], i'm in love

And it's a good thing [good thing]

Many miss out on things

Real love does bring [come on]

Glad it's us, now i'm good

I'm so in love [so in love, yeah]

(Verse 2)

In my mind i'm in a world alone just u and I

You're my Eve and I'm ur Adam

So let's start new lives

Cuz the way u make me feel is like a new beginnin, girl

In all different ways

[so many different ways]

U haven't faulted me for my past and the mistakes i've made

U was too strong and had my back,

now the foundation's laid

And I want to spend the rest of my life just fulfillin urs

with everythin u want, everythin u need(Chorus)

I'm in love [oh yeah], i'm in love

Do u hear me? [it's a good thing]

Was so scared [ Oh yes it is],  
 Not prepared but it just hit me [whoa]  
 Glad its us, now i'm good [mmm]  
 I'm so in love  
 [never knew how good love could be til I met u, girl and i'm so in love]I'm in love [hey], i'm in

 And its a good thing [its a good thing]  
 Many miss out on things  
 [many miss out on things that love brings] real love does bring  
 Glad its us, now i'm good [oh yes, i'm good]  
 I'm so in love [so... so in love](Bridge)  
 Its one of those things [mmm, one of those things] and,  
 its real hard to explain but,  
 its real and fills ur heart [girl, it fills ur heart]  
 And hearts just don't lie, no  
 U will know real love [u will know real love]  
 Cuz nothin feels like it and  
 it toughes things inside [touches things inside]  
 its a real experience [mmm, oooh...](Talking)  
 I'm so in love withchu that I,  
 Every day, every hour, every second
