

Wildflowers (2015 Remastered Version)

[Dolly Parton, Linda Ronstadt & Emmylou Harris](#)

The hills were alive with wildflowers
And I was as wild, even wilder than they
For at least I could run, they just died in the sun
And I refused to just wither in place Just a wild mountain rose, needing freedom to grow
So I ran fearing not where I'd go
When a flower grows wild, it can always survive
Wildflowers don't care where they grow And the flowers I knew in the fields where I grew
Were content to be lost in the crowd
They were common and close, I had no room for growth
I wanted so much to branch out
I uprooted myself from home ground and left
Took my dreams and I took to the road
When a flower grows wild, it can always survive
Wildflowers don't care where they grow I grew up fast and wild and I never felt right
In a garden so different from me
I just never belonged, I just longed to be gone
So the garden, one day, set me free
Hitched a ride with the wind and since he was my friend
I just let him decide where we'd go
When a flower grows wild, it can always survive
Wildflowers don't care where they grow
