

Girls Like (feat. Zara Larsson)

Tinie Tempah

All the girls like
Said I was the man
All I ever needed was a plan
Tell J.K that we still rolling, Yeah
Tell Russell I'm a brand
Bust that skank
Ain't nobody messing with the gang
Might take a fly out for the weekend, Yeah
And go Cannes cause I can
Go low, go low, everybody get low
Had a couple hits and a couple solo's
Now I got a couple Brit's and a couple MOBO's
Dropped "Pass Out", everybody loco
I was jumping off the mandem with a polo
Now I'm with a mandem at the polo
I could make a honey give away her last rolo
Then I stay show, yo, you know how it goes
(All the girls like)
I know what boys like
I know what they want
They want that good thing
They wanna get some
I know what boys like
I know what they want
So go ahead and prove me right
That's what girls like
Yeah, rollie on the wrist, that's me, me
Man of the year I'm fleeky
Heard a couple man wanna be me
Them man can't be T.T
Tell 'em only winners are allowed
No diggiy-dee, no diggiy-doubt
I was getting blowed but few girls were putting out
Told them I was gonna blow back when I was in the south
Go low, go low, everybody go low
Since she want me she don't want the coco
So I made her sing it back she was my loco
And I got Merc, I ain't got a Volvo
Used to have a black my piece of Roco
Now everyone I go people want a photo
I could make a honey give away her last rolo
Then I stay show, yo, you know how I roll

(All the girls like)
I know what boys like
I know what they want
They want that good thing
They wanna get some
I know what boys like
I know what they want
So go ahead and prove me right
That's what girls like
Don't need me a guy who's a friend
Better pick me up in a Benz
I like cruising around the Westend
No Netflix and chill that's dead
(All the girls like)
Every day you ride your friends
(All the girls like)
I don't need your money for my rent
(All the girls like)
I'm not an 8 or a 9 I'm a 10
(All the girls like)
What's the code to your wi-fi again?
I know what boys like
I know what they want
They want that good thing
They wanna get some
I know what boys like
I know what they want
So go ahead and prove me right
That's what girls like
Said I was the man
All I ever needed was a plan
Tell J.K that we still rolling, Yeah
Tell Russell I'm a brand

(All the girls like)
I know what boys like
I know what they want
