

# Don't Play This Song (feat. Mary J. Blige)

## Kid Cudi & Mary J. Blige

Wanna know what this sound like when I'm not on drugs?  
Please please don't play this song r-r-r-right r-right r-right right right  
Trynna get my mind m-mind m-mind right right  
People think they're really being helpful by telling me please be careful  
Yeah right r-r-r-right r-right r-right right right please don't play this song Pain, hurt, sadness  
and loneliness  
Bottle that shit right up  
Tossed it away to the bottomless  
Pit, the part of my mind that slips  
The part of my mind so sick  
I don't even like to take that trip  
Unless I'm sloppy drunk I pray for my mom  
I teach her the son that never gave a fuck about a scantron  
All I wanted was to be a human being  
And show the world some new colors and scenes  
Imagine all types of beautiful scenery  
I remember when I first had tree  
Smoked Black and Mild, so dumb of me  
Now, I'm grape cigarillo man  
Any young black kid a guaranteed fan  
On a downhill grind and I'm humble  
And I treat normal girls like models  
Reckless and young, am I...  
My mom's calling, thank God she hit decline  
I'm numb faced while I'm thinking about suicide  
Wanna know what this sound like when I'm not on drugs?  
Please please don't play this song r-r-r-right r-right r-right right right  
Trynna get my mind m-mind m-mind right right  
People think they're really being helpful by telling me please be careful  
Yeah right r-r-r-right r-right r-right right right please don't play this song Hey, black Robin  
Hood riding high, just like we should  
You know the saying, "Ain't no delaying  
Gotta gets the gettin while the gettin's good"  
Yeah demented, my brain was forced to transform  
Wise up, I'm checking the gate on humble tales and minimum wage  
The blogs tell it, Cudi's lame wearing a kilt he must be gay  
Let's keep it chill, fuck being discrete but some girls tweet how they miss my meat ya  
Cudders, HBO, that Vitamin Water that's money to blow  
Cause your money for blow don't take no shit you can blame my Ma  
I'm in the maze, I'm in a daze,  
I'm losing it I'm locking in my rocketship I be a blip in your radar bitch  
It feels like things can be covered until the day I'm above myself hovered
