

Swing Low

Gossip

Better make it good
Better make it now
Well, baby we'll shake it hard
Nobody has to know Sweet Baby
Mama's Baby
There's only one thing that could make you my lady
Swing low
Down low
Sweet Cherry-o
If you know what I mean
Like you never seen Sweet Baby
Mama's Baby
There's only one thing that could make you my lady
Swing low
Down low
Sweet Cherry-o Make it uh uh good
Make Make it Make it now
Make it uh oh yeah We'll keep our secret hon'
Way down low
Between you and me girl
Nobody has to know
Sweet Baby
Mama's Baby
There's only one thing that could make you my lady
Swing low
Down low
Sweet Cherry-o
