At Deuce's Cafe, it's the mostest hideawayMez muggles "Flip Zooty Flim Plant you now solid, dig you later Slim" First you crawl then you walk, scat then you talk Hear the cool, feel the heat of the Rhythm of the offbeat of avenuesHelp me, he blew his wig (Lay it on) He plays gutbucket doghouse dig (Chick is hot) For the hide-beater on the stand (Really gone) Hear that Gabriel's growl Break it up, beat it out This canary has got a frame (She can chirp) And some high-jiver knows her name (Digs his vine) Cats all friskin' their whiskers... Ow (Jam is on pops) I collar all jive, give me five (Now you dig, alive) So I know you're alive In the dim you've arrivedCruel lips, whisper baby Pulse of the neon, she's crazy Smokin' eyes, get hazy Like beauty to beast, "You're the most to say the least" (Do you have any) Monk, Cozy, Red, Yank, or Prez?
