

# Communicate (feat. Ravyn Lenae)

## Mick Jenkins

You know what I'm saying like...it's not bad like,  
you know what I'm saying?  
Like she'll be tryna like...level the playing field all the time. I'm just like yo, reality is like, you  
not as stressed as me, you don't have as much shit going on as me,  
you not as busy as me like...

You don't understand how I feel,  
just because you have been stressed,  
just because you've been tired from work.  
And because there was that rift I could never really talk about it, like if I talked about it, it was...  
Cause the reality is you taking the L every time in so many different things in this relationship.

Like we can't really plan for shit all the time  
What I will, when I want, why I came  
What I will, when I want, why I came  
What I will, when I want, why I came  
How you figure, who is you, Nardwuar or something?  
You don't know shit about me  
Yeah black man and that's everything it denotes  
She want a nigga that can sing  
But she only ever wanna hear the C-notes  
Yeah said she know that shouldn't be a thing  
Just a dream, I ain't never been a cheap ho  
Yeah feeling on her body when we dance  
I'm assuming her whole wardrobe probably Bespoke  
Yeah cause it fits so tight  
A silhouette in the disco lights  
Call you bae

And I don't mean the San Francisco type  
Lit cross, crisp pop in the light  
And you smile and I swear that it gets so bright, right  
Right, John Smoltz couldn't throw shade at you girl  
And your black skirt been so tight, right  
Gotta have a little cocaine in you girl you addicting  
Nurse Joy can you fill my prescriptions?  
Should I take drugs without your permission?  
If you a sin I can't be a Christian  
Listen to me tripping, I'm tripping  
Nothin' is nothin' why you act lone  
Somethin' is somethin' why you stay at home all night?  
Blunt in my hands and pick up your phone  
Pop in we'll jump and follow me home tonight  
When you know that breathe, he's so, he's, he's  
Nah-nah-nah-nah

When you know that leaving makes me angry, angry, angry  
So let my resonate, we can just talk  
Look here you ain't got to hesitate under the stars  
We can vibe, we can meditate  
Bringing water, marijuana, we can medicate  
So don't you hesitate  
Why don't you ride with me  
Got a boat for this water, take a ride with me  
I've been waiting, I've been patient, I could slide on you  
Slide on you girl, I'm with you, I'ma ride for you  
Ride with you, I'ma ride, just vibe with me  
Got a boat for this water, take a ride with me  
I've been waiting, I've been patient, I could slide on you  
Slide on you girl, I'm with you, I'ma ride for you  
Ride with you, I'ma ride  
Are you down with me my love?  
Are you down with me for sure?  
Are you down with me for sure my love?  
I want you to let me know  
Nothin' is nothin' why you act lone  
Somethin' is somethin' why you stay at home all night?  
Blunt in my hands and pick up your phone  
Pop in we'll jump and follow me home tonight  
When you know that breath, he's so, he's, he's  
Nah-nah-nah-nah

When you know that leaving makes me angry, angry, angry  
I get you (right), I understand but  
it's like I need it  
(yeah, especially yeah).  
f every time you tryna like, make me feel guilty like I'm like (damn).  
You know what I'm saying?  
It's just like pshh  
(nah, that'll fuck you up for real)
