

Battle (feat. Faouzia)

David Guetta

We don't hide no, we don't
We don't stray from anyone
'Cause you and I know better
They don't know we have eyes like mirrors
We don't need any armor
'Cause we got spirit and that's enough
So let 'em say whatever
It doesn't matter if tomorrow there's a war
My love, oh, we are one
And I run, I run through the battle
Oh, I run, it doesn't matter if tomorrow never comes
My love, oh, we've won
And I run, I run through the battle
Oh, I run, to you
Oh, I run
Oh, I run
Our momentum has fire
Set it off like a cannonball
We're gonna burn forever
It doesn't matter if tomorrow there's a war
My love, oh, we are one
And I run, I run through the battle
Oh, I run, it doesn't matter if tomorrow never comes
My love, oh, we've won
And I run, I run through the battle
Oh, I run, to you
Oh, I run
Oh, I run
Oh, whoa
No, whoa
No, oh
It doesn't matter if tomorrow there was a war
My love, oh, we are one
And I run, I run through the battle
Oh, I run, it doesn't matter if tomorrow never comes
My love, oh, we've won
And I run, I run through the battle
Oh, I run, to you
Oh, I run
Oh, I run
