

# Where Will You Go

Ace Young

Once upon a summer night  
We made love a thousand times  
and I thought it'd never end  
'til I felt December's wind  
It's a shame that you and I  
All we ever do is fight  
about stupid little things  
that we don't remember why  
It's a rainy night, and it's cold outside  
I can't hold you back, it's your own damn life  
Before you pack that bag and leave  
You know you gotta tell me  
Girl, where will you go?  
You've got my child, ain't even born  
You're not the only one going through this  
If you could just hang on, we can do this. together girl  
Oh girl Who's wrong, who's right?  
When love's a suicide  
But there's something you should know  
This is bigger than us both  
We can scream and shout or we can work this out  
Hey, I'm talking to you, don't you walk away  
I know you're scared, but that's no excuse  
cuz we got everything to lose  
Girl, where will you go?  
You've got my child, ain't even born  
You're not the only one going through this  
If you could just hang on, we can do this together, girl  
Oh girl, where will you go? Oh, girl  
It's a rainy night, and it's cold outside  
I can't hold you back, it's your own damn life  
Before you pack that bag and leave  
You've gotta tell me  
Girl, where will you go?  
You got my child, ain't even born  
You're not the only one going through this  
If you could just hang on, we can do this  
Girl, where will you go?  
You've got my child, ain't even born  
Cuz you can choose revenge or forgiveness  
If we don't change, we don't have no business together, girl  
You're not the only one going  
through this  
If you could just hang on, we can do this  
Where will you go?  
Where will you go?
