

# Does It (feat. CASisDEAD)

## Tricky

Does it make you feel good  
Make you feel hood  
Can I fall for your veins  
Can you fall from the sky  
Will you leave me and die  
Will you come back again  
Will you meet me at term Where are the protesters  
The slogans insane  
This will be a swift decline  
I wouldn't be coddled in love  
I wouldn't be coddled in love  
Will you fight for a cause  
Will you break all the law  
Will you come back again  
Remember by when  
Are you living free  
Are you living in me  
Does it make you feel good  
Make you feel hood Where are the protesters  
The slogans insane  
This will be a swift decline  
I wouldn't be coddled in love  
I wouldn't be coddled in love  
Where are the protesters  
The slogans insane  
This will be a swift decline  
I wouldn't be coddled in love  
I wouldn't be coddled in love
