

# Monday to Monday

Roy Woods

I got my mind on my money from Monday to Monday  
Thinking about my money go to Church on a Sunday  
Popped an ecstasy pills xans when I wanna  
You can't talk to me about that good or bad karma  
I got my mind on my money nigga from Monday to Monday  
Thinking about my money go to Church on a Sunday  
Popped an ecstasy pills xans when I wanna  
You can't talk to me about that good or bad karma Yeah  
Play  
With me  
Off ecstasy  
Money fly out when you in Georgia  
I make sure shorty feel important  
Balmain a while she's going shopping  
Marylyn keeps her on auto pilot (auto, auto, auto)  
Catch me with thugs  
Ride around with them birds  
Drugs make her slow  
Can't feel her toes  
Gang shit on Tour  
Ohh she love me (hey)  
All my diamonds dreaded (hey)  
Bitch touch Molly (oh)  
Girl what you planning (oh oh)  
I feel like Alladin (yeah)  
I just found my Jasmine (my Jasmine)  
Ohh she crazy  
I love her crazy  
I'm not new here  
So don't disrespect me for some  
And I don't know who cares but I  
Don't don't really care 'bout you  
Don't don't wanna hear 'bout you  
Don't don't really care 'bout you  
Don't don't wanna hear 'bout you  
Wanna hear bout you  
Don't don't really care 'bout you  
Don't don't wanna hear 'bout you  
Don't Don't  
Don't Don't I got my mind on my money nigga from Monday to Monday  
Thinking about my money go to Church on a Sunday  
Popped an ecstasy pills xans when I wanna

You can't talk to me about that good or bad karma  
I got my mind on my money nigga from Monday to Monday  
Thinking about my money go to Church on a Sunday  
Popped an ecstasy pills xans when I wanna  
You can't talk to me about that good or bad karma Yeah

Play

With me

Off ecstasy Gyal dem go shopping

Tagged up with squaddy

Saks fifth better spend a bag if you walk in

Ass too melodic in Toronto with exotic

Like these bitches are from Europe

My girl look like Katy Cherry

She got tattoos in her arm

She sings like Adele

Narcotics for fun

Don't believe in love

Face, out my face bitch

Am I looking out your way now

But I'm looking at a main girl

I could barely think

I have way too much to say now And fly out to Costa Rica I'm not new to this

So don't disrespect me for some And I don't know who cares but I

Don't don't really care 'bout you

Don't don't wanna hear 'bout you

Don't don't really care 'bout you

Don't don't wanna hear 'bout you

Wanna hear bout you

Don't don't really care 'bout you

Don't don't wanna hear 'bout you

Don't Don't

Don't Don't I got my mind on my money nigga from Monday to Monday

Thinking about my money go to Church on a Sunday

Popped an ecstasy pills xans when I wanna

You can't talk to me about that good or bad karma

I got my mind on my money nigga from Monday to Monday

Thinking about my money go to Church on a Sunday

Popped an ecstasy pills xans when I wanna

You can't talk to me about that good or bad karma
