

# King of Fools

Edguy

What do you think when you spit in my face  
How does it feel to accuse and to haze  
Now look at me, I'm not one of your kind  
And I prefer to stay behind  
And walk the wicked way  
We don't wanna be like you  
Don't you get that king of fools  
We don't mind your life is trite  
You are the king of fools  
We are never gonna be like you  
We don't follow - King Of Fools  
You are the blind to lead the blind  
And walk the wicked way  
You feel at ease as you flock with the masses  
What do you see with your head's in their asses  
Keep on railing at what I believe  
Call me insane and I'm proud to be  
And walk the wicked way  
We don't wanna be like you  
Don't you get that king of fools  
We don't mind your life is trite  
You are the king of fools  
We are never gonna be like you  
We don't follow - King Of Fools  
You are the blind to lead the blind - oh  
We don't wanna be like you  
Don't you get that king of fools  
We don't mind your life is trite  
You are the king of fools  
We are never gonna be like you  
We don't follow - King Of Fools  
You are the blind to lead the blind  
You are the king of fools
