

# Uh Huh

## Somewhere Else

Long nights never felt this way  
My heart won't be the same without you  
Long nights after long days  
Sun sets, I'm on my way to find you Meet me on the floor  
I don't care where you're coming from  
I don't care if we get along  
As long as we get it all  
Meet me on the floor  
Not been there standing on the wall  
It's just a two-step in a row  
You got to let your body go Uh-huh-huh-huh, uh-huh-huh-huh  
Uh-huh-huh-huh, uh-huh-huh-huh  
Uh-huh-huh-huh, uh-huh-huh-huh  
Uh-huh-huh-huh, uh-huh-huh-huh  
I feel all my problems slipping away  
I do lose control so give me some space  
I don't need nobody killing my vibe  
Ooh, just turn it up, we're sweating tonight Meet me on the floor  
I don't care where you're coming from  
I don't care if we get along  
As long as we get it all  
Meet me on the floor  
Not been there standing on the wall  
It's just a two-step in a row  
You got to let your body go Uh-huh-huh-huh, uh-huh-huh-huh  
Uh-huh-huh-huh, uh-huh-huh-huh  
Uh-huh-huh-huh, uh-huh-huh-huh  
Uh-huh-huh-huh, uh-huh-huh-huh  
I got the feeling my body is itching  
And we're going hard tonight  
I got the feeling my body is itching  
And we're going hard tonight  
Put your hands on my hips  
Coming close to my lips  
Tell me, do you like it?  
I put your hands on my hips  
Coming close to my lips  
Now tell me, do you like it? Meet me on the floor  
I don't care where you're coming from  
I don't care if we get along  
As long as we get it all  
Meet me on the floor
