

# Shattering the Skies Above

## Trivium

Take me into the seas  
So I can clean, off this disease  
Death will complete me  
It is what I need Ya! Take my evil, to the skies  
Take my evil, all light dies Shattering the Skies Above  
I want to destroy all that you love  
Shattering the Skies Above  
I won't rest 'til I am drenched in blood Take me into the seas  
So I can clean, off this disease  
Death will complete me  
It is what I need  
Take my evil, to the skies  
Take my evil, all light dies Shattering the Skies Above  
I want to destroy all that you love  
Shattering the Skies Above  
I won't rest 'til I am drenched in blood Take my evil, to the skies  
Take my evil, all light dies Shattering the Skies Above  
I want to destroy all you love  
I'm Shattering (Shattering the Skies Above)  
Shattering the Skies Above  
I won't rest 'til I'm drenched in blood  
I'm Shattering Take my evil, to the skies  
Take my evil, all light dies  
Shattering the Skies Above  
I want to destroy all that you love  
Shattering the Skies Above  
I won't rest 'til I am drenched in blood Shattering the Skies Above  
Shattering the Skies (The skies above)
