

Alcatraz

Oliver Riot

Moving out west, things got lonely
Trying my best, nobody showed me
Which way to go, I didn't know
Hating my past, I found the old me
Bullet proof vest, my only clothing
Hiding alone, a prison is home
Just a mans make up, fake love, make 'em all laugh
Come on, someone, take off your mask
It's nice to meet
Honey what you done, come from, escaping so fast?
Were from dungeons; Alcatraz
It's nice to meet
Moving out west, things got lonely
Trying my best, nobody showed me
Which way to go, I didn't know
Hating my past, I found the old me
Bullet proof vest, my only clothing
Hiding alone, a prison is home
Just a mans make up, fake love, make 'em all laugh
Come on, someone, take off your mask
It's nice to meet
Honey what you done, come from, escaping so fast?
Were from dungeons; Alcatraz
Well, It's nice to meet
Just a mans make up, fake love, make 'em all laugh
Come on, someone, take off your mask
It's nice to meet
Honey what you done, come from, escaping so fast?
Were from dungeons; Alcatraz
Well, It's nice to meet
Ooo, it's nice to meet
Ooo, it's nice to meet
