

Hopelessly Stoned

Hugo

I remember the things I've known
Take it back and fill out a form
Build another now
I'm on my own Just hopeless
Hopelessly stoned.
Fill my boots up to the sky
Try to find a new supply
Ask me yes, but don't ask why I'm hopeless
Hopelessly stoned You're the picture of restraint
You stood aside while I made my play
But anyway I was outta the game
And just hopeless
Hopelessly stoned One degree is all it takes
To move apart and separate
Level out as I raise the stakes And just hopeless
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned Like a bug on my windowpane
Safe inside from the wind and rain
Try to fly but it's all in vain Just hopeless
Hopelessly stoned
We'll let you in
But I don't want out
I can't get up If I don't get down
From a whisper to a shout I'm just hopeless
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned
Hopelessly stoned Gotta get up
Back up to zero
Gotta get up
Back up to zero
Gotta get up
Back up to zero
Gotta get up
Back up to zero If I get there
Will you want me?
Cuz there's nothing out there
Waiting for me

If I don't have you Hopeless
Hopelessly stoned
Gotta get up
Back up to zero
Gotta get up
Back up to zero Hopelessly stoned
Gotta get up
Back up to zero
Gotta get up
Back up to zero
Hopelessly stoned If I get there
Will you want me
Cuz there's nothing out there
Waiting for me If I don't have you
