

Where Lovers Meet

Meredith Brooks

Today I write in my book
Dear God I need a change
I can't keep hiding
Wishing the mirror was lying Show me where do I look
I know there must be a plan
Though I can't see one
I go through the motions anyway Here I go again
Walking down a road I've never known
Chorus

I want to go where lovers meet
I want to breathe the air they breathe
I want to touch the dreams they dream
When I find someone to love
I want to go where lovers
Where lovers meet I know my faith is blind
I'll take my chances
I'm tired of just surviving
I'm not wasting any time Just like tears in the rain
No one can see
Inside my heart is crying
Telling me I can't lie any more Here I go again
Walking down a road I've never known
Chorus

I want to go where lovers meet
I want to breathe the air they breathe
I want to touch the dreams they dream
When I find someone to love
I want to go where lovers meet
Feel the wind beneath my feet
Oh, I want to feel that complete
When I find someone
I spent half my life
Wasting my time
I don't want to hear my heart beating alone
Oh...Chorus I want to go
I want to go where lovers meet
