

# The Planets Bend Between Us

## Snow Patrol

The winter's marred the earth  
It's floored with frozen glass  
You slip into my arms  
And you quickly correct yourself  
Your freezing speech bubbles  
Seem to hold your words aloft  
I want the smoky clouds of laughter  
To swim about me forevermore  
I will race you to the waterside  
And from the edge of Ireland shout out loud  
So they could hear it in America  
It's all for you  
The shells crack under our shoes  
Like punctuation points  
The planets bend between us  
A hundred million suns and stars  
The sea filled in the silence  
Before you said those words  
And now even in the darkness  
I can see how happy you are  
I will race you to the waterside  
And from the edge of Ireland shout out loud  
So they could hear it in America  
It's all for you, it's all for you  
It's all for you, it's all for you  
It's all for you
