

Rather Unique

AZ

Rock the house
East New York, East New York
East New York, East New York
East New York, East New York
East New York, East New York

To my nigga AZ to the fullest We was already loyal to people's minds and mulianis
Now we more fucked up with a mayor named Guliani
You can try to bomb me analyze but can't define me
My mind's divine heavily entwined with Ghandi's Far from feeble, I leave your nostrils hard to
breathe through
'Cause my cerebrals are more of a higher plane than the Hebrews
Well my mic devotion brings out my deepest emotions
Overdosing wannabes posing sending them through convulsions
To hard to follow, you took a bite but couldn't swallow
Your mind's boggled but I'm as deep as Donald Goines novels
My whole persona's kinda laid back like a recliner
And since my mama, I been fucking with marijuana Wavy-haired, my skin got a money getting
glare
Strictly menace wear, making off a Guinness beer
So where it all begins is here destiny and me finally meet
So how can I be weak? I'm rather unique Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
My verbals rip shit brains give birth to thoughts in triplets
Fuck it I'm on some flip shit ready to let my clip spit, dramatical
Vocals release shells like automatics
Do music's magical causing any battle to be tragical I got styles sick as hell, sicker than sickle
cell anemia
Slaughter your circulatory like leukemia
Filled with larceny, who want parts of me?
I'm vicious, mad malicious 'cause it's real on this road to riches I got this mastered, other
rappers'll craft it
Weak and wicked camouflaged as killers how they speak and kick it
Peep this uniqueness nonbelievers I'm leaving speechless
Left to chokers and skunk smoke was coming through the speakers Surgically nice with any
verbal device trife, breathing life into mics
My insight's beyond the twilight so die, fight, no surrender, no retreat
Techniques speak I'm rather unique I'm rather unique

Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather uniqueWhy I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather uniqueSo it's gonna take more than your astrologist to knowledge this
A physiologist couldn't even figure out the exoticness
Raps demolishing certified the way I style it
My wordplay blaze with the rays of ultra violenceMy culture's smiling, getting more in depth
with each breath
My biography follows the footsteps of Malcolm X
Money and sex, Gore-Tex Donna Karan and Guess
Finesse, success through the life stress mics I blessedPuffing trees to get me high as trapeze
Flipping Japanese at ease when I'm stacking G's
So let's discuss, plus degrees
How the rhyme forces the source for thoughts that's lost
So don't cross 'cause it'll costThe ghetto savior, smooth, the real playa with flavor
Moves be major with unexplainable behavior
The word's on the street so keep your ears to the concrete
Why I'm rather uniqueWhy I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather uniqueWhy I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather uniqueWhy I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
Why I'm rather unique
