

# Rather Unique

AZ

Rock the house  
East New York, East New York  
East New York, East New York  
East New York, East New York  
East New York, East New York

To my nigga AZ to the fullest We was already loyal to people's minds and mulianis  
Now we more fucked up with a mayor named Guliani  
You can try to bomb me analyze but can't define me  
My mind's divine heavily entwined with Ghandi's Far from feeble, I leave your nostrils hard to  
breathe through  
'Cause my cerebrals are more of a higher plane than the Hebrews  
Well my mic devotion brings out my deepest emotions  
Overdosing wannabes posing sending them through convulsions  
To hard to follow, you took a bite but couldn't swallow  
Your mind's boggled but I'm as deep as Donald Goines novels  
My whole persona's kinda laid back like a recliner  
And since my mama, I been fucking with marijuana Wavy-haired, my skin got a money getting  
glare  
Strictly menace wear, making off a Guinness beer  
So where it all begins is here destiny and me finally meet  
So how can I be weak? I'm rather unique Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
My verbals rip shit brains give birth to thoughts in triplets  
Fuck it I'm on some flip shit ready to let my clip spit, dramatical  
Vocals release shells like automatics  
Do music's magical causing any battle to be tragical I got styles sick as hell, sicker than sickle  
cell anemia  
Slaughter your circulatory like leukemia  
Filled with larceny, who want parts of me?  
I'm vicious, mad malicious 'cause it's real on this road to riches I got this mastered, other  
rappers'll craft it  
Weak and wicked camouflaged as killers how they speak and kick it  
Peep this uniqueness nonbelievers I'm leaving speechless  
Left to chokers and skunk smoke was coming through the speakers Surgically nice with any  
verbal device trife, breathing life into mics  
My insight's beyond the twilight so die, fight, no surrender, no retreat  
Techniques speak I'm rather unique I'm rather unique

Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather uniqueWhy I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather uniqueSo it's gonna take more than your astrologist to knowledge this  
A physiologist couldn't even figure out the exoticness  
Raps demolishing certified the way I style it  
My wordplay blaze with the rays of ultra violenceMy culture's smiling, getting more in depth  
with each breath  
My biography follows the footsteps of Malcolm X  
Money and sex, Gore-Tex Donna Karan and Guess  
Finesse, success through the life stress mics I blessedPuffing trees to get me high as trapeze  
Flipping Japanese at ease when I'm stacking G's  
So let's discuss, plus degrees  
How the rhyme forces the source for thoughts that's lost  
So don't cross 'cause it'll costThe ghetto savior, smooth, the real playa with flavor  
Moves be major with unexplainable behavior  
The word's on the street so keep your ears to the concrete  
Why I'm rather uniqueWhy I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather uniqueWhy I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather uniqueWhy I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique  
Why I'm rather unique
