

# Still Me

## NoCap

CashMoneyAP

AyyIf they really had love, they would've showed me  
They hate what I'm doin' now, they would love to see the old me  
If I gotta go back to jail, I know my family straight  
If I gotta go back to jail, I know my lawyer paid (Ayy)  
I burn this money, burn this fame, I'll still be the same nigga  
Take off this watch, take off this chain, I'll still be the same nigga  
Ayy, came home from jail, took rappin' serious, I had to make my own decision  
He prolly ain't fuckin' with me 'cause he know he ain't fuckin' with me  
In the booth right now, I'm off a pill, if I ain't do nothin', I kept it real  
My heart'll prolly get me killed (Ayy, ayy)  
Permanent, this ain't no grill, sometimes I wish that C-Lo lived  
Sometimes I wish that Fred was here (Ayy, ayy)  
Crawford still up seven years, Lil Joe had come home from a year  
I told him it was up from here (Ayy)  
She wanted Percocets, I gave her all Xans  
They tried to hold me back, but it was God-planned  
Hate the position that I'm in, they sayin' anything  
It was far away, I didn't see it, I watched the closest change  
They prolly just rappin', I really got niggas in the can  
They prolly just rappin', I really got some dead friends (Ayy)  
I'm cryin' fire, feel like my tears burnin'  
Know the streets got rules, how the hell you turnin'?  
Tell the opps I got some paper, I hope that they don't make me spend it  
Trap house, it was vacant, we still got some paper in it  
Same conversation, just different locations  
When it's smoke, don't leave a witness, we just leavin' shell casings  
Not on the mic, then I'm in the hood  
With all my jewelry on and my pockets full  
Totin' poles, not the ones come from Magic  
I made it out, I know the devil thought he had me  
If they really had love, they would've showed me  
They hate what I'm doin' now, they would love to see the old me  
If I gotta go back to jail, I know my family straight  
If I gotta go back to jail, I know my lawyer paid (Ayy)  
I burn this money, burn this fame, I'll still be the same nigga  
Take off this watch, take off this chain, I'll still be the same nigga
