

# Life on Earth (feat. Jack Bruce) [2012 Remaster]

[Robin Trower](#)

There's got to be a way of getting out this place we find we're in  
There's got to be a way of getting out this bloody mess we're in  
Let's hope that's there's some time and we can find some peace of mind now  
Just takin' you a look and you will know the secrets of the rainbow  
Take my wife - please  
She's down on her blistered knees  
She's dreamin' of a house called Heart's Ease  
Why don't you please come down  
And take back what you spawned away  
There's got to be a time when we can get together natch'ly  
Let's hope that there's a time when we can all be brothers and be free  
There's has to be a day when there is enough love for you and me  
We'll take the world and shake the world and what will be is gonna be  
Take your life now  
Time is right now  
Touch the sky now  
Children of the rainbow  
Livin' in a house called Heart's Ease  
Why don't you please come down  
And take back what you spawned away-ay  
Take my heart now  
Feed us kids now  
Touch the sky now  
Children of the rainbow  
Children of tomorrow  
Children of the rainbow  
Livin' in a house called Heart's Ease  
Why don't you please come down  
And take back what you spawned away, ...ay, ay, ay, ay-ay ay...  
Ooh ooh ooh ooh-oooh ooh-yeah  
Gonna take what, take what....gonna take what, take what...  
Children of the rainbow  
Children of tomorrow
