Ramriddlz

She got the downtown like no one else
She put it on him like no one else
Hakuna matata, you can be yourself
I lay back, she help herself
I break backs, I don't need no help
She on my waist, I don't need no belt
Bounce on it baby, go and do your reps
Bounce on me baby, come relieve my stress
My cum to sweet for your tongue
My kush too strong for your lung
Bounce on it baby, go and do your reps
Bounce on me baby, come relieve my stress
No need to fight
I can see it in your eyes that you're high
Hypnotized by them hips and thighs
If she don't go up, down she get left, right
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night
No need to fight
I can see it in your eyes that you're high
Hypnotized by them hips and thighs
If she don't go up, down she get left, right
She said don't be cocky
But she want the cocky-tip
Slap it like hockey stick
Mi nuh do weakness
Brows on fleekness
Cheeks on sweetness
Out here causing trouble
Shawty getting wet tryna play in that puddle
Tryna rub and cuddle
Pop that bubble-butt
But don't get too crazy
I need a freak and a lady
No need to fight
I can see it in your eyes that you're high
Hypnotized by them hips and thighs

If she don't go up, down she get left, right
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night
Baby come through tonight
You got me feeling right
Trying to get in them thighs
I could do it all damn night
Slow it down
Keep it up
Pineapple Crush
Holy hell
Baby cakes like Baby Mel
Good girl but she wanna get down
Out in Miami they hear that sound
Pussy wet, and I just might drown
Baby come through tonight
You got me feeling right (baby)
Trying to get in them thighs
I could do it all damn night
Baby come through tonight
You got me feeling right (baby)
Trying to get in them thighs
I could do it all damn night
