

# Beautiful Beat

## Nada Surf

Leave me alone, and there'll be  
No one to get hurt  
Nobody move and there'll be  
Nothin' to disturb  
The sum of it all is that you  
Don't know where to turn  
Despite all your promises you  
Don't keep what you learn Beautiful beat get me out of this mess  
Beautiful beat lift me up from distress  
Sometimes all i want is another  
Drink or another pill  
If i could get anything done  
Maybe I'd hold still  
I'm trying to levitate I'm  
Trying to leave the ground  
Tryin' to remember when i could  
Fix anything with sound Beautiful beat get me out of this mess  
Beautiful beat lift me up from distress  
I believe our love can save me  
Have to believe that it can  
I want to redirect myself with you  
Do you understand? Beautiful beat, get me out of this mess  
Beautiful beat, lift me up from distress  
(Beautiful beat get me out of this mess  
Beautiful beat lift me up from distress) I believe our love can save me  
Have to believe that it can  
I gotta reinvent myself for you  
Can i be your man?  
I believe our love can save me  
Have to believe that i can  
I wanna redirect myself with you  
'Cause you understand Beautiful beat, get me out of this mess  
Beautiful beat, lift me up from distress
