

I Feel Like Dancing (Droid Bishop Remix)

The Night Game

Call my name, I come running
A love so vain, it's black and white
So my tie's undone and I want you
A hired gun on moonlit nights(You look amazing)
Every time we touch and you say my name
(It's something amazing)
I'm feeling you so much, what a wicked game
So I'ma call the band and say Don't stop the rhythm (rhythm)
'Cause I feel like dancing
Don't stop the rhythm (rhythm)
'Cause I feel like moving
And I don't gotta make you mine for life
Baby, if you wanna leave, that's alright
So don't stop the rhythm (rhythm)
'Cause I feel like dancing tonight
Well, you make me numb
You're like "cowboy", all good things come
To those who wait
I've been black and blue like a vampire
And I need you to get me straight(You look amazing)
And every time we touch and I feel your skin
(It's something amazing)
Just a midnight crush, but I'm sinkin' in
I'm gonna call the band and say Don't stop the rhythm (rhythm)
'Cause I feel like dancing
Don't stop the rhythm (rhythm)
'Cause I feel like moving
And I don't gotta make you mine for life
Baby, if you wanna leave, that's alright
So don't stop the rhythm (rhythm)
'Cause I feel like dancing tonight
(You look amazing)
Every time we touch
When you move like that and push back
I'ma call the band and play it Don't stop the rhythm (rhythm)
'Cause I feel like dancing
Don't stop the rhythm (rhythm)(No)
'Cause I feel like moving
And I don't gotta lock you down for life
Baby, if you wanna leave, that's alright with me
Just don't stop the rhythm (rhythm)
'Cause I feel like dancing tonight Don't stop the rhythm (rhythm)

Baby, don't stop the rhythm (rhythm)
Don't stop the rhythm (rhythm)
Don't stop the rhythm (rhythm)
I feel like dancing tonight
