Sean Paul

Come downSean Paul, number one champion Sean Paul, Rahzel

Number one championIt's the return of the microphone fiend

I be the first nigga to split ya spleen

Impair ya vision, leave ya cataract split screen

You'll be assed out, passed out like Mitch GreenFight Club, from a Brad Pitt scene

A pimp's steen is makin' ya chick scream

Download my digital, digital voice streamAutomatic wide screen

Low rider, with them buggy eyed beams

A bad freak, in the back seat, named Ming Ling

Well, last week them bad streets was in full swing

For my brothers locked down in G.P. to Sing Sing
