

Fall on the Rock

[Buddy Miller](#)

Oh Lord, won't You come to me
On my dying bed
Let me from the Book Of Life
Hear my name be read Children listen to me now
These words are not my own
Jesus said, "A man is gonna
Reap what he has sown" You've got to fall
You've got to fall
You better fall on the rock
Or the rock's gonna fall on you
There's a time a coming soon
And it's a day coming fast
God will make the last the first
And the first will be last Man looks on the outside
But the Lord, He looks on the heart
He sees every secret
Hidden in the deepest part You've got to fall
You've got to fall
You better fall on the rock
Or the rock's gonna fall on you Jesus is the rock
That was rejected and refused
But He is the cornerstone
That God Almighty has used
Like a Little Lamb He came down
To the children of men
But He'll be the King of Kings
When He comes back again
