

Like a Million (feat. Kodak Black)

Jackboy

I know how you feel
We be going through the same shit
Tay Keith, fuck these niggas up
Yeah yeah Everybody shady, baby I know how you feeling
Who you think you fooling homie that ain't how you living
Let me eat that coochie baby, you looking like a meal
Every time I step out, I be looking like a million
Everybody shady, baby I know how you feeling
Who you think you fooling homie that ain't how you living
Let me eat that coochie baby, you looking like a meal
Every time I step out, I be looking like a million
Baby I'm a zombie you know I be having no feelings
If a nigga try me, on mommy I'm gon kill him
I came from the bottom, now I'm saucy, I got chicken
I poured so much liquor on my liver, I ain't kidding, ay
Jackboy that's my nigga we so alike that nigga my synonym, ay
I'm a need two hundred to rock the mic and thats the minimum yeah
I know every-time you hit my line its for some money
I been in them projects all my life, this shit ain't funny Everybody shady, baby I know how you
feeling
Who you think you fooling homie that ain't how you living
Let me eat that coochie baby, you looking like a meal
Every time I step out, I be looking like a million
Everybody shady, baby I know how you feeling
Who you think you fooling homie that ain't how you living
Let me eat that coochie baby, you looking like a meal
Every time I step out, I be looking like a million
Ayy, yeah
I'm dripping in Christian Dior
I'm walking out of Saks with a sac boy
Shit gotta boost it out of the store, I still got dirty money
Project baby ain't one fucking chart
Like an athlete ran it up, and my car a foreign sport
Blood bath, full of paper dork
big ass gun, not short
Big firearm, I'm toting a
Lil bitch
I put you on the news, shoot your mom, air it out no loose
Lit nigga with a short ass fuse
I'm quick to show a bih what the pistol do
rock and roll
I don't start shit I just go with the flow

I ain't quick to play dumb
Beef with the wrong one
Stand your ground lil one, I'ma gun you down
can't run
Everybody shady, baby I know how you
feeling

Who you think you fooling homie that ain't how you living
Let me eat that coochie baby, you looking like a meal
Every time I step out, I be looking like a million
Everybody shady, baby I know how you feeling
Who you think you fooling homie that ain't how you living
Let me eat that coochie baby, you looking like a meal
Every time I step out, I be looking like a million
