

Alive

Kenny Wayne Shepherd

Tears to a smile it's a brand new day
Roads take a turn I think I found my way
Words don't always say what they mean,
Whisper a prayer, what will it bring?
What will it bring now? CHORUS: And I feel, feel so alive
When I'm with you, everything's fine
Yeah I feel, feel so alive I want to fly but I ain't got wings
I want to sing the song you sing
'Cause when I'm with you well I feel CHORUS: Yeah I feel, feel so alive
When I'm with you, everything's fine
And I feel, feel so alive (SOLO)
CHORUS: And I feel, feel so alive
When I'm with you, everything's fine
Yeah I feel, feel so alive...
