

# Go Crazy (feat. Todd Edwards)

Pete Tong, HERO & Jules Buckley

[Verse 1]

Yeah, we work ourselves to death to keep the lights turned on  
Payin' out the bills?until?the money's gone  
Tell?me what we're doin' wrong  
And every?day is harder than the day before  
I wonder if the stars will ever give us more  
What are we waiting for?[Chorus]  
I think it's time we go crazy  
We can make tonight be amazing  
Burning from the hell we are raising  
Dancing 'til the sunlight is blazing (Dancing 'til the sunlight?—)  
Let's leave it all behind and go crazy (Leave it all behind and—)  
We can make tonight be amazing (Make tonight amazing)  
Burning from the hell we are raising (From the hell we're—)  
Dancing all night until the dawn

[Verse 2]

Everyone's been judging us for far too long  
They think they can divide us but they're so dead wrong  
Together we're too strong, oh  
And what a crime our yell may never rise above the noise  
But put us all together and we share one voice  
We'll give them no other choice[Chorus]  
They're gonna hear us go crazy  
We can make tonight be amazing (The night amazing)  
Burning from the hell we are raising (From the hell we're—)  
Dancing 'til the sunlight is blazing (Dancing 'til the sunlight?—)  
Let's leave it all behind and go crazy (Leave it all behind and—)  
We can make tonight be amazing (Make tonight amazing)  
Burning from the hell we are raising (From the hell we're—)  
Dancing 'til the sunlight is blazing (Dancing 'til the sunlight?—)  
Don't you think it's time that we go crazy? (Leave it all behind and—)  
Don't you think it's time that we go crazy?

[Outro]

I think it's time that we go crazy  
I think it's time that we go crazy  
(Let's go, let's go crazy)  
I think it's time that we go crazy  
(Let's go, let's go crazy)  
Go crazy  
(Let's go, let's go crazy)  
(Everybody, let's go crazy)

(Let's go, let's go crazy)
