

Take This Oath

Killswitch Engage

Abandon the safety of mindless following
Abandon what hold us captive to suffering. Pierce the blinders,
Behold the path that leads before you
Let us forsake, forsake all the things
That lead us, lead us to our demise. Open your eyes,
See the divine,
Open your eyes and see the...
Destruction of innocence,
Watch it breathe its last. Open your eyes (Behold the path before you)
See the divine (Forsake our demise)
Open your eyes (Behold, the path before you)
And see the... Abandon the safety of mindless following. To the grave we take this oath
To leave this world behind
Hear the words of the voice that lives inside. Break free, this is your time
Break free, this is your time
Break free.
To the grave (to the grave)
Take this oath (take this oath)
To the grace (to the grave)
Take this oath.
