## **Adrenalize**

## **In This Moment**

Adrenalize me
Come a little bit closer
Before we begin
Let me tell you how I want it
And exactly what I need
I'm here for one drug
I'm only here for one thing
So come on and tell me
Can you fly like you're free? Cause I need to feel
eah I need to sayI must confess I'm addicted to the

Yeah I need to sayI must confess I'm addicted to this Shove your kiss straight through my chest I can't deny I'd die without this

> Make me feel like a god Music, love, and sex (Adrenalize me)

I crave excess turning wine into sweat
Dripping down my neck
I can't deny I'd die without this
Make me feel like a god

Make me feel like a god

Adrenaline and sex...Get a little bit higher

So we can fall till we bleed Push a little bit harder

Pull me into the speed

So tell me can you feel this?

Come into my dream

Are you ready to awaken?

Are you ready to feed? Cause I need to feel

Yeah I need to say

I must confess I'm addicted to this

Shove your kiss straight through my chest

I can't deny I'd die without this

Make me feel like a god

Music, love, and sex

(Adrenalize me)I crave excess turning wine into sweat dripping down my neck

I can't deny I'd die without this

Make me feel like a god

Adrenaline and sexWe have to live, before we die

We were born to live before we die

Don't you want to live before you die?

Let me see you live before you die(Right Here Right Now!)

Adrenalize Me!

(Right Here Right Now!)

Adrenalize (Me!)
(Right Here Right Now!)
Adrenalize Me!
(Right Here Right Now!)

I'm addicited to this...I must confess I'm addicted to this

Shove your kiss straight through my Chest

I can't deny I'd die without this Make me feel like a god

Music, Love, and sex

(Adrenalize me)I crave excess turn the wine into sweat dripping down my neck

I can't deny I'd die without this

Make me feel like a god

Adrenaline and sex.

(Adrenalize me)
