

# You're So Creepy

## Ghost Town

For so long now I've been coming to your rescue (got me thinking I'll get you)  
And I'm serious when I say I'm over it  
I'm over it (and all your fuckin' lies)  
That you'll stick around  
Stay on my side of town  
Now I'm covered in blood and I'm feeding off your pretty little lies  
For once why can't you just  
come and chase me  
Dig up my grave and save my body  
Now I'm rotting to the bone  
But my hearts still beatin'  
Hopin' you won't leave me  
Creepy girls  
You're just my style  
Blood red lipstick  
You don't smile  
Falling victim to your fantasy  
See  
Damn, I love it that you're so creepy  
Now you're risking it all  
For some creepy girl  
With a blacked out rage that'll cast a spell  
Don't tempt her she's got those evil eyes  
Now you're risking it all  
For some pinup doll  
Who drinks in the am  
Fucks in the pm  
Treats all the boys like she don't need 'em  
Creepy girls  
You're just my style  
Blood red lipstick  
You don't smile  
Falling victim to your fantasy  
See  
Damn, I love it that you're so creepy  
Creepy girls  
You're just my style  
Blood red lipstick  
You don't smile  
Falling victim to your fantasy  
See  
Damn, I love it that you're so creepy  
Creepy girls  
You're just my style  
Blood red lipstick

You don't smile  
Falling victim to your fantasy  
See  
Damn, I love it that you're so creepy
