

Coffee

Quinn XCII & Marc E. Bassy

I just made two cups of coffee
But you're not here to drink it now
Forgot you left before the morning
Guess I'll never know who you were thinking 'bout
Is there a reason you won't call me back?
'Cause I wish that you were back in bed with me
The fact you used me kinda makes me sad
It's no question that you're probably done with me
Open one eye, but you're not here
Left the windows open wide, so I could hear you leave
I just made two cups of coffee
But you're not here to drink it now
Forgot you left before the morning
Guess I'll never know who you were thinking 'bout
Who you were thinking 'bout
Ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh
Ooh
Heart break, stone killer, dressed in Margiela
Every line gotta count, no filler
She wanna go diamond, "Thriller"
She wanna hit the islands, I feel ya
Depending how you go about it
Yeah, we could've took a cruise
Put you down for a second, now you in the news
Girl, you wasn't hacked you posted your own nudes
In my eyes, what do I see? (What do I see?)
That you never belonged to me, baby, yeah
I just made two cups of coffee
But you're not here to drink it now
Forgot you left before the morning
Guess I'll never know who you were thinking 'bout
Who you were thinking 'bout
Ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh
Ooh (Who you were thinkin' 'bout)
Ooh, ooh, ooh
Ooh, ooh, ooh, ooh
Ooh, ooh, ooh, ooh
Ooh
I just made two cups of coffee
But you're not here to drink it now
Forgot you left before the morning
Guess I'll never know who you were thinking 'bout
Who you were thinking 'bout
