

Debra

Beck

Oh yeah, come on I met you at J C Penny
I think your name tag, it said 'Jenny'
I could've step to you with a fresh pack of gum
If somehow I knew you were looking for some, oh no Like a fruit that's ripe for the pickin'
I wouldn't do you like that Zankou chicken
'Cause only you got a thing that I just got to get with
I just got to get, get with you and you know what we're gonna do I wanna get with you, oh girl
And your sister
I think her name is Debra I wanna get with you
Only you girl and your sister
I think her name is Debra
Girl, I only wanna be there with you
'Cause you got something that I just got to get with
I'll pick you up late at night after work
I said "Lady, step inside my Hyundai" I'm gonna take up to Glendale
Yeah, I'm gonna take you for a feel good meal 'Cause when our eyes did meet
Girl, you know I was packin' heat
Ain't no use in wasting no time
Getting to know each other
You know the deal 'Cause only you got a thing
That I just got to get with, got to get with
I just got to get with you, girl, with you oh, oh I wanna get with you
Only you girl and your sister
I think her name is Debra
I wanna get with you, girl, yeah
And your sister
I think her name is Debra Come on, ooh, lovely lady, girl you drive me crazy
Ooh, lovely lady, girl you drive me crazy
Ooh, lovely lady, girl you drive me crazy
Ooh, lovely lady, girl you drive me crazy
Crazy And you sister, Debra
Yeah, you're drivin' me crazy
Crazy oh, crazy, ooh yeah Yeah, I got a little bit of sympathy for you, girl
