

Baby Girl

Bryce Vine

Ooh-oooh
Yeah-yeah We in New York, we wylin'
It's gettin' hot this summer, we ain't outside
Baby girl got style, she a stylist
Ready for the long haul, ain't no flight She just wanna dance, dance for a while
She just in the mood, wanna groove, wanna move She back it up and I grab it, I'm lovin' it
Baby girl just wanna have fun with it, hey
Baby girl just wanna have fun with it (Baby girl)
Baby girl just wanna have fun with it (She wanna have fun)
Baby girl just wanna have fun with it (Yeah)
Baby girl just wanna have fun with it
Baby girl just wanna have fun with it
Baby girl tryna call this bluff (Woo)
Baby girl tryna know what's up
My baby doesn't go out much
She said I get the same outcome (I get the same)
She used to party with the talcum (Whip it, ooh)
All in the middle like Malcolm (Ooh-oooh) She just wanna dance, dance for a while
She just in the mood, wanna groove, wanna move She back it up and I grab it, I'm lovin' it
Baby girl just wanna have fun with it, hey
Baby girl just wanna have fun with it (Baby girl)
Baby girl just wanna have fun with it (She wanna have fun)
Baby girl just wanna have fun with it (Yeah)
Baby girl just wanna have fun with it
Baby girl just wanna have fun with it
Baby girl don't want no drama
She wanna have fun
God damn
Ooh-oooh She just wanna dance, dance for a while
She just in the mood, wanna groove, wanna move
She back it up and I grab it, I'm lovin' it
Baby girl just wanna have fun with it, hey
Baby girl just wanna have fun with it (Baby girl)
Baby girl just wanna have fun with it (She wanna have fun)
Baby girl just wanna have fun with it (Yeah)
Baby girl just wanna have fun with it
Baby girl just tryna have fun with it
Baby girl just tryna have fun with it
