## Memphis May Fire

I'm never slowing down  
'Til I'm right where I should be  
This is not the life I chose  
It was chosen for me  
It seems like everytime I turn my head  
Someones got something to say  
Well I... I am not listening  
As I move forwards  
You can crawl behind me  
I've made it this far on my own  
You can try to keep up  
But I promise you won't  
I swore to my family and my friends  
That I'd do whatever it takes  
To finish in first place  
Say but you want but  
You better remember this face  
I'll do what ever it takes  
To finish in first place  
No one can slow me down I know  
I will be holding on while you are letting go  
Oh I think Id hate you  
If it were worth my time  
But I wont waste a single second of mine  
Just stand on the sideline  
Mark my words when it comes time to sink or swim  
I'll be on top and you'll sink again I swore to my family and friends  
That I'd dol whatever it takes  
To finish in first place  
Say what you want but  
You better remember this face  
I'll do whatever it takes  
You better remember this Don't doubt me for one second, I'm nothing like the rest of them.  
Don't doubt me for one second, I'm nothing like the rest of them.  
Everything I've worked for  
Is right before my eyes  
I'm on top of the world  
Try to pull me under  
This is what you will find  
When you sink I'll swim  
When you sink I'll swim I swore to my family and friends  
That I'd do whatever it takes

To finish in first place  
Say what you want but  
You better remember this face  
I'll do whatever it takes  
To finish in first place  
I sworer to my family and friends  
That I'd do whatever it takes When you sink I'll swim  
I'll be on top and you'll sink again...
