

# Children of the Wild (feat. Mako)

Steve Angello

We are children of the wild,  
We take our chance to face the fall  
Go on and on and on,  
To chase our shadows of the wall  
As children of the wild we make our choices on our own  
Our path is full of fear for must be taken all aloneAs children of the wild,  
We take our chance to face the fall  
Go on and on and on,  
To chase our shadows of the wall  
As children of the wild we make our choices on our own  
Our path is full of fear for must be taken all alone  
We are children of the wild,  
We take our chance to face the fall  
Go on and on and on,  
To chase our shadows of the wall  
As children of the wild we make our choices on our own  
Our path is full of fear for must be taken all aloneAs children of the wild,  
We take our chance to face the fall  
Go on and on and on,  
To chase our shadows of the wall  
As children of the wild we make our choices on our own  
Our path is full of fear for must be taken all alone  
(As children of the wild,  
(We take our chance to face the fall)  
(Go on and on and on,  
(To chase our shadows of the wall)  
As children of the wild we make our choices on our own  
Our path is full of fear for must be taken all alone(We Are The Children Of The Wild)
