

# Superfriend

## Mary Mary

The machine They're here now, but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let go A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend No sir, there's nothing half way about Him  
This world could never be made without Him  
No heart, no breath, no mind, no sun, no moon, no time  
He's something like the best of them  
He's nothing like the rest of them  
'Cause they're here now but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let go A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend Lord, I'm so weak and scared to run  
What have I done to deserve a life like this?  
The devil's scared to fight us in the light  
He hides in the midst of religion  
But I know that my God is listening there for me  
There's a greater mission  
You're no girl, You're no man, but a plan for greater peace  
I'll fight for the light until my flesh falls deceased  
I'm fighting the devil, fighting police  
And in the church, Lord I'm looked at as Satan  
'Cause in my music I curse But I'm trying to do better and that's the thing that really hurts  
All the sex and the drugs in my life mean nothing  
When my superfriend hugs me at night tears come rushing  
There's no kryptonite, no dealing no lie that could be told That can separate the power that you  
have over my soul  
So stunting is a habit when I'm gripping this mic  
Ya'll thinking I'm a pimp but I'm trying to be like Christ  
In real life, yeah They're here now but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let go A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend He heard me before I made a sound  
Caught me before I hit the ground

He knows everything I need  
Before I tell Him anything Loves me without requirements  
Can't see Him but it's evident  
He's something like the best of them  
Said He's nothing like the rest of them 'Cause they're here now but then they're gone  
Where they at? I don't know  
Ay, oh, they hit the door  
That kinda friend I gotta let him go A superfriend, a superfriend  
Yes sir, I got me one of them  
A superfriend, a superfriend  
I got me a superfriend Can't nobody do me like my superfriend  
Can't nobody do me like my superfriend, no  
Can't nobody do me like my superfriend  
Can't nobody do me like my superfriend, no
