

Red

Daniel Merriweather

And I'm alright standing in the streetlights here
Is this meant for me? My time on the outside is over
We don't know how you're spending all of your days
 Knowing that love isn't here
You see the pictures but you don't know their names
'Cause love isn't here And I can't do this by myself
 All of these problems, they're all in your head
 And I can't be somebody else
You took something perfect and painted it red
No sympathy when shouting out is all you know
Behind your lies I can see the secrets you don't show
We don't know how you're spending all of your days
 Knowing that love isn't here
You see the pictures but you don't know their names
'Cause love isn't here And I can't do this by myself
 All of these problems, they're all in your head
 And I can't be somebody else
You took something perfect and painted it red
When you took something perfect and painted it red You take the best things from me
 Then everything gets empty
 That's not a world that I need, oh
 You take the best things from me
 Then everything gets empty
 That's not a world that I need, oh, ooh, ooh
 And I can't do this by myself
 All of these problems, they're all in your head
 And I can't be somebody else
You took something perfect and painted it red
When you took something perfect and painted it red
When you took something perfect and painted it red
You took something perfect and painted it red
