

Forever Trill (feat. Kym McCoy)

Webbie

T for true we started it off
just me and boo thats why you my dog
the R for real, rokus, and raw
rain, ralentles, ready regardless
never was sced we swam in that water
the I for me i get it from C
R.I.P. he was a G
im holding it down im never gone leave it
L for loss i wanted to find
a way out the mud
i wanted to shine
i got in the game
i rolled the dice
and main the other L stand for life
i made a few dollars and lost a few dudes
trust me you dont wanna walk in my shoes
ask my doctor he'll say
its all in my DNA
