Burn This Disco Out

Michael Jackson

There's a steam beat And it's comin' after you

You can take it

If you only let your feelings through

So D.J. spin the sounds

There ain't no way that your gonna

Let us down

Gonna dance gonna burn this disco outGroove all night

Keep the boogie alright

Get that sound

Everybody just get on downGot a hot foot

Better freak across the floor

Join the party

And we'll keep you movin', that's for sure

So D.J. spin the sounds

There ain't no way that your gonna

Sit us down

Gonna dance 'til we burn this disco outGroove all night

Keep the boogie alright

Get that sound

Everybody just get on downOnce you get the beat inside your feet

There ain't no way to stop you movin' good

Now the weekend's come it's time for fun

You got to groove just like you know you shouldPeople now

Are you ready

Won't you rock across the room

Got a feelin'

That we're gonna raise the roof off soon

So D.J. spin the sounds

There ain't no way that your gonna

Sit us down

Gonna dance 'til we burn this disco outGroove all night

Keep the boogie alright

Get that sound

Everybody just get on downSo D.J. spin the sounds

There ain't no way that your gonna

Sit us down

Gonna dance 'til we burn this disco outGroove all night

Keep the boogie alright

Get that sound

Everybody just get on downGonna dance, gonna shout

Gonna burn this disco out

Gonna dance, gonna shout Gonna burn this disco out Gonna dance, gonna shout Gonna burn this disco out(ad-lib to fade)
