## **Hey Teacher**

## **Louis XIV**

You keep on telling me these pretty lies
Well I'm just a man and want you instead of the drugs that get me high
You keep on telling me these pretty lies
Well I'm just a man and want you instead of the drugs that get me highYou're all around me
like a freight elevator

You put things in me and say I'll see you laterEvery time I raise the courage up to talk
My teacher says go to the board with a piece of chalk
I'll never talk out of turn again in classWill it be alright if I see you tonight

Well, I feel like a bird in a cage

For you to notice me, Well I'd take out a knife

Suicide right on the stage

I'm like a fish on a hook

Water splash into the brook

Well, teacher says she's twice my age

Hey teacher could you ease my painI can only watch you so long I can only watch you so long, so longYou keep on telling me these pretty lies Well I'm just a man and want you instead of the drugs that get me high

You keep on telling me these pretty lies

Well I'm just a man and want you instead of the drugs that get me highI'll never talk out of turn again in classWill it be alright if I see you tonight

Well, I feel like a bird in a cage

For you to notice me, Well I'd take out a knife

Suicide right on the stage

I'm like a fish on a hook

Water splash into the brook

Well, teacher says she's twice my age

Hey teacher could you ease my painI can only watch you so long

I can only watch you so long, so long

I can only watch you so long

I can only watch you so long, so longWho's your teacher's pet?
