

# Bedroom Floor

Liam Payne

Baby

Heard you've been talking about me lately  
Telling all your friends how much you hate me  
But who you calling up when you get lonely?  
When you get lonely  
Yeah You be saying real real nice real nice things  
When I'm touching you  
You be getting real real real real real jealous  
When it wasn't you oh  
And every now when my iPhone iPhone rings  
I be telling you  
I told you, I told you, I told you  
You said it was over  
You said it was over  
But your clothes say different on my bedroom floor  
You said it was over  
You said it was over  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor, yeah Baby  
Why you always act like you don't want me?  
Don't make me bring up your dirty laundry  
We always on and off until you're on me  
Until you're on me  
Yeah  
You be saying real real nice real nice things  
When I'm touching you  
You be getting real real real real real jealous  
When it wasn't you oh  
And every now when my iPhone iPhone rings  
I be telling you  
I told you, I told you, I told you You said it was over  
You said it was over  
But your clothes say different on my bedroom floor  
You said it was over  
You said it was over  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor, yeah  
You said it was over, you said it was over  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor, yeah Oh

My bedroom floor  
Your clothes are saying something different now  
You wanna break up just to fix it now  
Oh baby You said it was over  
You said it was over  
But your clothes say different on my bedroom floor  
You said it was over  
You said it was over  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor, yeah  
You said it was over, you said it was over  
But your clothes say different on my bedroom floor  
But your clothes say different on my bedroom floor, yeah
