

# Bum Bum (feat. Trey Songz)

[Kat Deluna](#)

If you wanna love me  
You gotta do it right  
'Cause every queen need a king  
Who wants her body all day all night  
We could do it in the shower  
We could do it on the floor  
You could get it every hour  
Boy there's so much more Bum bum, from where this came from  
If you love this bum bum, yeah, yeah  
And it's the only one you want  
What a bum bum  
How could I replace that?  
Bum bum  
I just wanna see you shake that  
Bum bum  
Give it to me, I'ma take that  
Bum bum, what a bum bum  
Shawty came in and she caught me red handed  
Staring at her butt, so I said wassup  
If I get it I ain't losing it  
'Cause I know what to do with it  
Make you say oho,  
This is the love you been waiting for  
We've come too far so when I get close  
Ain't nobody touching your body, but me  
We could get it in the shower  
We could get it on the floor  
We could do this every hour  
Know there's so much more  
Bum bum, from where this came from  
If you love this bum bum, yeah, yeah  
And it's the only one you want  
What a bum bum  
How could I replace that?  
Bum bum  
I just wanna see you shake that  
Bum bum  
Give it to me, I'ma take that  
Bum bum, what a bum bum I know you love it when I shake it, shake  
You know I love it when you shake it for me  
Go on hard but don't break it, break  
Don't worry, I ain't taking no breaks

Baby let me see you shake,  
Let me see you shake  
Let me see you, let me see you, shake  
Let me see you shake  
Let me see you shake Boy there's so much more,  
Bum bum, from where this came from  
If you love this bum bum, yeah, yeah  
And it's the only thing I want  
What a bum bum  
How could I replace that?  
Bum bum  
I just wanna see you shake that  
Bum bum  
Give it to me, I'ma take that  
Bum bum, what a bum bum
