

# Neutron Star Collision (Love Is Forever)

## Muse

I was searching  
You were on a mission  
When our hearts combined like  
A neutron star collision I had nothing left to lose  
You took your time to choose  
Then we told each other  
With no trace of fear that our love would be forever  
And if we die, we die together  
And lie, I said never  
'Cause our love would be forever  
The world is broken  
And halos fail to glisten  
You try to make a difference  
But no one wants to listen Hail, the preachers, fake and proud  
Their doctrines will becloud  
Then they'll dissipate  
Like snowflakes in an ocean Love, is forever  
And we'll die, we'll die together  
And lie, I said never  
'Cause our love could be forever Now I've got nothing left to lose  
You take your time to choose  
I can tell you now  
Without a trace of fear  
That my love will be forever  
And we'll die, we'll die together  
Lie, I will never  
'Cause our love will be forever
