This Is the New Year

A Great Big World

Another year you made a promise Another chance to turn it all around And do not save this for tomorrow Embrace the past and you can live for nowAnd I will give the world to youSpeak louder than the words before you And give them meaning no one else has found The role we play is so important We are the voices of the undergroundAnd I would give the world to youSay everything you've always wanted Be not afraid of who you really are Cause in the end we have each other And that's at least one thing worth living forAnd I would give the world to you A million suns that shine upon me A million eyes you are the brightest blue Lets tear the walls down that divide us And build a statue strong enough for twoI pass it back to you And I will wait for you, Cause I would give the world And I would give the world And I would give the world to youThis is the new year A new beginning You made a promise You are the brightest We are the voicesThis is the new year We are the voices This is the new year A new beginning You made a promise We are the voices This is the new year Song Discussions is protected by U.S. Patent 9401941.
