

# Lover (KMFDM 'Cake Mix') [Remastered]

## Lords of Acid

Fill me up, don't stop  
Just a little deeper, baby  
Give it to me stong  
Do I seem a little too fast for you?  
Do you think I'm too rough for you?  
Lover I will come for you  
Lover Any time you want me to  
Lover I'll be there for you  
Lover, Lover, Lover  
Oh yeah...  
Give me some, let's get it on  
Just a little harder baby,  
Gotta come on strong  
If you want, I'll set you free  
Gotta give me big time sexuality  
Lover I will come for you  
Lover Any time you want me to  
Lover I'll be there for you  
Lover, Lover, Lover  
Oh yeah...  
Be relieved, sex machine  
Come and take my body  
and cover me with cream  
If you're good, I'll make it up for you  
If you're bad, I'll come all over you  
Lover I will come for you  
Lover Any time you want me to  
Lover I'll be there for you  
Lover, Lover, Lover  
Oh yeah...
